PLAYAWAY® *at the Flatwoods Library*

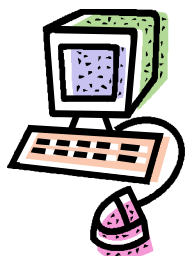

The Playaway "bug" logo.

The Flatwoods Branch library has these really cool, self-contained audiobooks called Playaway. They are a pre-loaded mp3 player that runs on a AAA battery. All of the controls are on the device. They are simple to use. They can be used with headphones, portable speakers, FM transmitters and cassette car adapters. They only weigh about 2 ounces and are about the size of an iPod and can fit in a pocket. There is

also a place to hook a lanyard so it can be worn around the neck. There are no cassettes or cds to change and nothing to download.

There are buttons on the back to turn on/off, speed/slow down the reader, adjust the volume, and a fast forward and rewind.

If there are any questions about these stop in or contact the Flatwoods Branch Library.
