Library's Northeast Branch Opens New Meeting Room

Natchitoches, LA, May 12, 2021 – For years the Natchitoches Parish Library (NPL) has offered a meeting room for public use at its main branch on Second St. And with the easing of COVID-19 related restrictions, there have been an increase in reservations of late. How very appropriate then, that the Natchitoches Parish Library's Northeast Branch (NEB) in Campti has completed its meeting room addition this month! Individuals and organizations can now reserve either location's meeting room at natlib.org.

Also, the NEB is now open on Fridays from 10 AM to 6 PM, making the new space accessible Monday through Saturday. In compliance with parish regulations, masks are still required, however the library has fully reopened to patrons. Full access is available to checkout books, computers, and WiFi devices, to copy, print, and fax services, and to the adult and children computer labs.

"We are looking forward to having this larger area at the NEB for children's performances during this year's summer reading program," said NPL Outreach Coordinator, Alan Niette. "And we're happy to meet local-area requests for a space such as this for public use."

To reserve a meeting room at either branch, visit natlib.org, click "How do I?," then "Reserve the meeting room?" Applications may be mailed, dropped off, faxed, or emailed. Follow the NPL on social media for information on more library services available to the public.
