COVID-19 Closure

Natchitoches, LA, March 26, 2020 – While the Natchitoches Parish Library (NPL) is closed through April 12, you can still visit it virtually. Patrons have access to the NPL's digital checkout services, containing thousands of e-materials, via Hoopla and Libby. Movies, TV shows, books, audiobooks, music, and comics can all be viewed online or downloaded to your devices. All you need is your library card number and PIN. The NPL has staff checking its Facebook page daily to help patrons in accessing existing accounts and creating new ones.

Hoopla can be accessed at hoopladigital.com or through the Hoopla app for Android, iOS, Roku, and Apple TV. With Hoopla, each library card can check out up to 15 items each month. All materials are always available on this service, no matter how many people are accessing the same thing.

Libby, by Overdrive, can be accessed at overdrive.com or through the Libby app for Android and iOS. Libby allows users to check out up to five items at a time or place a hold on items that have no digital copies/licenses available. You can also send books and audiobooks to your Kindle device from within the Libby app.

Both apps automatically return items when due so there is no need to remember a due date!

Don't let the quarantine drive you crazy; use these services available to all Natchitoches Parish residents! If you require help accessing these or any digital library services, contact the NPL via their Facebook page or email alan@natlib.org.
